Vitamin D3

Market price of Vit D3 still has a little drop in Sept. The current price of Vit D3 100,000IU/G CWS is USD9.5-12/KG, and the price of Vit D3 40MIU no changes at around USD1500-1800/KG.

Vitamin E 50% CWS /VE Oil 98%

Market price this months a little drop mostly due to exchange rate. At present Vit E 50% CWS food grade at about USD14-15/KG. Vit E 98% Oil price at about USD21-22/KG. But we need to pay attention the situation and the supply from Europe.

Vitamin C/Coated 97/DC97

VC series: The vitamin C market is sufficient in supply, the manufacturers have large production capacity and high inventory, which leads to the orders rising in the market, and the price declines. Till now, the FOB price of China's export is USD 2.9-3.1 , VC sodium is USD3.3-3.65, VC calcium At USD3.75-4.2, VC DC 97 is at USD3.54-4.2.

Vitamin B1 Mono/Hcl

The market price keeps stable with slightly downwards in Sept. For rising up of USD rate, the export price is getting better. We kindly suggest to make purchase for stock. The current price for VB1 Mono is around USD17-17.5/KG FOB, and VB1 Hcl is around USD21-22/KG FOB.

Vitamin B2 98%

The products keep stable in past one month. Coming into summer some factories will pause production for maintenance. The current pricing is around USD46-49/KG depending different brand and quantities.

D-Calcium Pan/Vitamin B5

This product is being stable and little weak this month after current market price dropped much last month, now the market price is around FOB USD23-25/KG from different brands. We predict it will be stable.

Vitamin B6

The product market keeps stable generally in Sept. Price is at the bottom level for long period. and market demand is a little bit weak, which not reach to the expectation. Thus It is almost safe to make stock reserve at present. It is expected to keep stable in later month. The current market price is around USD16-17/KG.

Folic Acid

The main factory price is stable with slightly downwards in Sept, and the market demand is a little bit weak. The market price is at low level , thus it is safe to make stock reserve if need. Current factory offer is around USD30-32/KG FOB from different brands.

Biotin 98%

Some factories come into summer maintenance this month, the demand is weak and spot product is good. The current price is around USD260-270/KG depending different quantities.
