- 1) Coenzyme Q10
- 2) Inositol

Vitamins

Vitamin A

The price of Vitamin A keep dropping still in this month. Now Vitamin A 1.7 Miu/G price is about USD60.0/KG against different quantity. The price of Vitamin A P 250CWS at USD16.5-USD17.5/kg, the price of Vitamin A P 500CWS at USD26.5-USD27.5/kg ; and price of Vitamin A A 325CWS at USD17-USD18/kg . The price of Vitamin A in the bottom and it's good time to purchase now .

Vitamin D3

Vit D3 price is stable in April. Now market price is about USD1300.0KG, and the price of Vit D3 100,000IU/G CWS is about USD9.0-9.5/KG.

Vitamin E 50% CWS /VE Oil 98%

Price for Vit E 50% CWS food grade market price around USD14.0-15.0/KG, and the price of Vitamin E 98% Oil at USD18.0-19.0/KG.

Vitamin C/ DC /Coated 97

The vitamin C market keeps stable this week. Current price for VC is around USD2.8-3.0/kg The market price of 97% of VC DC is about USD3.1-3.3/KG.

Vitamin B1 Mono/Hcl

The Vitamin B1 market has some floatings and rebound from middle to later April. Main factories stopped offer and sign new orders. In later period all main factory jointly increased their offers. Present market mainly consume its stock material, and should focus on the later market supplying. The latest factory offer B1 mono around 14-15USD/KG, and B1 HCL around 18.5-19.0USD/KG.

Vitamin B2 98%

The product keeps stable this week. Due to exchange rate changes the price might float a little. The current price is keeping stable, around USD37-41/KG FOB depending different brand and quantities. We have good prices to offer.

D-Calcium Pan/Vitamin B5

Demand is stable this month, but market price is bit rebounding in mid March. Current pricing is around FOB USD16.5-17/KG FOB from different brands. We predict it will be stable at least, need to pay attention to the action of factorises.

Vitamin B6

Due to the rising cost of raw materials, production pressure is still existing, the market price and keeps stable in early April, and rise up slightly in end April. The main factory are willing to continue increase the offer later. Thus it is better to make stock plan more earlier and focus on the later market price. At present market price is around 17.5-18.0USD/KG.

Folic Acid

The factory offer is relatively stable in April. And factory has willing to keep the price, while the market demand is a little weak. Thus It is safe to make purchase plan at present market. And It is expected to keep relatively stable later. Current market price food grade is around USD27.5-28.5/KG FOB.

Biotin 98%

This product is keeping weak this month. The current price is around USD190-195/KG depending on different quantities and brands.

Sweeteners

Glucose series

Affected by the boom in the domestic market, some manufacturers have tight delivery schedules, and the price of Glucose is stable in this month. The price of anhydrous glucose is around 0.79/KG FOB, and the price of monohydrate Glucose is stable at about 0.6 USD/KG FOB.

Erythritol

At present, the price is stable, and the current export transaction in the market is around USD 2.0/KG.

Aspartame

The market is weak and stable. Current market price is around USD11/KG. Price will be stable in the following days.

Sucralose

The price decrease little to a bottom level at the moment . Current market price level is around \$21/kg.

Saccharin Sodium

The price is stable. The current market price is around USD6.0-6.5/KG FOB China.

Acidulants

Citric acid series

After the price of citric acid kept rising rapidly in the previous period, due to the weak market demand, the market price has reduced in April, but the current price dropped slightly and become slowly. The market price of anhydrous citric acid is USD0.85/KG FOB, citric acid monohydrate The market price is USD0.78/KG, we advise to purchased against the demands.

Taurine

The market demand is average this month, there are few inquiries, and the overall price is stable and weak; the current market price is around USD2.2/KG FOB. The specific market price will be slightly different.

DL-Malic acid

DL-malic acid, because of the price of raw materials fell, and the market demand was general, factory price was going down, but keep stable this month. The current market price is at USD2400-2460/MT.

Preservatives

Sorbic Acid /Potassium Sorbate

The price is stable at the bottom level. Now the price of sorbic acid is about USD3.8/KG, and the price of potassium sorbate is about USD3.4/KG.

Sodium Benzoate

Current market price of Sodium Benzoate and Benzoic acid are stable, now Sodium Benzoate is about USD1.3/KG. The price of Benzoic acid is about USD1.36/KG.

Antioxidants

Sodium Erythorlate

the market price this month is reduce much, now the price at about USD2.9/KG, the delivery and price could be according to the situation of stock .
