VITAMIN

01

On April 23, Tianxin Pharmaceutical issued an announcement stating that according to the needs of the company's operation and management, the company's registered address will be changed from "Le'anjiang Industrial Park, Leping City, Jiangxi Province" to "Leping City Industrial Park, Jiangxi Province".

AMINO ACID

02

Valine: At present, domestic factory quotations have been slightly lowered. The price of low-content valine is stable, and a small amount of transactions are negotiated. Valine prices are expected to run smoothly in the short term.

API

03

The current market price of colistin sulfate is stable at USD13.8-14.2/KG. The price gap between factories is not large, and customers have good price acceptance. Factory prices have remained strong recently, and smooth operation is expected in the future.

FOOD ADDITIVE

04

Recently, Arla Foods Ingredients will purchase the whey nutrition division of Volac Group, a UK-based company that specializes in converting whey into sports nutrition ingredients. Its by-products are also used in food and animal nutrition. The transaction is expected to be completed later this year.
