VITAMIN

01

Recently, Zhejiang Shengda Bio-Pharm Co., Ltd. announced on its investor platform that its 20,000-ton sodium erythorbate project is progressing as scheduled

AMINO ACID

02

On September 24, Heilongjiang Jinxiang Biochemical Co., Ltd. updated amino acid quotations: tryptophan at USD 4735/MT and threonine at USD 1135/MT.

API

03

Enrofloxacin and ciprofloxacin hydrochloride are currently in a low-demand season. Enrofloxacin bulk transactions are around USD 21–22/KG, while ciprofloxacin hydrochloride is at USD 18–19.3/KG. Market activity is lower than in the first half of the year, with prices expected to remain stable in the short term and potentially rebound in Q4.

FOOD ADDITIVE

04

- Qianjiang Yongan Pharmaceutical Co., Ltd. recently stated that its subsidiary, Yongan Kangjian Pharmaceutical (Wuhan) Co., Ltd., is conducting key stability tests on its taurine-L-carnitine beverage, focusing on flavor, taste, and quality retention under specific conditions to ensure optimal product delivery to consumers.
- In addition, according to Science and Technology Daily, the Oil Crops Research Institute of the Chinese Academy of Agricultural Sciences, in collaboration with domestic universities, has developed a high-performance immobilized phospholipase and constructed an efficient Pickering interface biocatalytic system, setting a new world record for the synthesis efficiency of the functional phospholipid phosphatidylserine. The results have been published in the journal Food Chemistry.
