

	Brand	Product	Feature	
Intestinal Health				
Anti - viral	👍 Haurin	60%/90% α - Monolaurin	anti - virus ,great application in PRRSV etc disease.	
Acidifier	👍 ButyEnergy 400+	40% Coated Sodium Butyrate With 5% Essential Oil	Sodium butyrate can double the antibacterial effect of essential oil	
	👍 ButyEnergy	30%/40%/50%/98% Coated Sodium Butyrate	We have full ranges of Butyrate products, not only the biggest exporter to Asia, but also to Europe and USA.	
	VegaButyrin	60% Tributyrin		
	Vegacid+	45% Coated Acidifier With 3% Essential Oil	Sustained release compound organic acid and essential oil	
	Super acid+	Compound acidifier	Strong lower down pH and Strong antibacterial , it is also cost - effective	
Zinc oxide	VegaZn	90% Coated Zinc Oxide	Half dosage to take place raw material Zinc Oxide	
Essential oil	Thynofac	20% Coated Essential Oil	Scientifically formulated to work synergistically, promote feeding and regulate flora	
Probiotic	👍 Clostide	10 billion CfU/G Bacillus Licheniformis	Antibacterial effect=70% Bacitracin + 70% Colistin	
	👍 Active Three/-W	2 Billion CfU/G Insoluble Clostridium Butyricum + Bacillus Licheniformis + Bacillus Subtilis	1. Vega built a standard for customer easily selecting good probiotics, and we are the first owner of New Product Certificate for Clostridium Butyricum and Bacillus Licheniformis in China. 2. Big integrators and customers are using our probiotic, like Cargill, New hope, etc.	
	Closbute 100	1 billion CfU/G Clostridium Butyricum		
	Submix 2000	200 Billion CfU/G Bacillus Subtilis		
	Lichmix 2000	200 Billion CfU/G Bacillus Licheniformis		
	Active Ammonia	Compound probiotics	1000g/t in drinking water, continuous use for 12 days, ammonia gas in the livestock shed decreased from 2.34 to 0.57	
	Yeastics	Yeast culture		
Lysolecithin	SmartLyso	Lysolecithin	High content and cost-effective	
Plant Extracts	👍 Hucca	Yucca Powder	Reduce ammonia and promote the utilization of protein	
	Youtannin	75% Tannic Acid	Import from Italy. hydrolysed chestnut tannin.	
	👍 Cotannie 500	50% Coated Tannic Acid	Astringent free protein coated chestnut tannin for diarrhea control	
Colorant				
Pigment		Carlyred	10% Canthaxanthin	Good stability. 100° C lasts for 5 minutes, and the product retention rate is above 90%
		Carlypink	0.4% Astaxanthin (Yeast culture)	The bioavailability is 6 times that of chemical synthesis (3 times deposit rate*2 times stability)
		Carlyyellow	2% xanthophyll	
Egg Quality				
Anti Inflammatory	👍 Laurin-Cu	Copper Laurate	Cures salpingitis within 2 weeks, improve egg quality	

	Brand	Product	Feature	
Farm&Feed management				
Mycotoxin	Moldics	Bacillus Subtilis, Yeast Cell Wall, Montmorillonite	the toxic mycotoxins are directly reduced to non-toxic compounds, degrading more than 80% DON, 90% aflatoxin, 95% corn Zearalenone	
Reduce drug resistance				
Enzyme	Resisime	Modified phospholipase	Reduce antibiotic dosage by reducing bacterial resistance	
Animal nutrition				
Ruminant Nutrition	👍	VegaMet	60% Rumen Protected Methionine	585g metabolizable methionine in 1kg Vegamet
		SmartLys	60% Rumen Protected Lysine	Highest content in the whole market which bring great cost efficiency
		SmartUrea	80% Coated Urea	Replace part of soybean meal to save breeding cost
		SmartCholine	25% Rumen Protected Choline Chloride	high rumen protected rate & intestinal release rate
		SmartNia	50%/65% rumen Protected nicotinic acid	high rumen protected rate & intestinal release rate
		SmartCalcium	Calcium bolus	Fast and convenient to use
	👍	SmartFat 1685	85% Palmitic Acid	Directly export from Indonesia
Liquid vitamin with amino acid	Velyga-L	Liquid vitamin, amino acid complex	Highly effective liquid nutritional supplement (clear, nano, fast-acting)	
Antibiotic				
Intestinal	👍	VegaBazn	10%/11%/15% Bacitracin Zinc	Inhibit Clostridium Perfringens, Guard Intestine
		VegaBMD	10%/15% Bacitracin Methylene Disalicylate	
Respiratory	👍	V-Florseo	20% /30% Florfenicol Soluble Powder	First Choice For Lung Infection
		V-Tilseo	20% Coated Tilimicosin	First Choice For Respiratory Syndrome
		V-Tilcroseo	20% Tilimicosin crosslinking coating Granule	First Choice For Respiratory Syndrome
		V-Tilseo 375	37.5% Tilimicosin Soluble Powder	First Choice For Respiratory Syndrome
		V-Tylvaseo	20% Tylvalosin Tartrate Soluble	Help Clean PRRS
Insecticide	V-Sulfac	62.5% Sulfachlorpyridazine Sodium + 12.5% TMP	Toxoplasmosis Killer, Septicemia Curative
