VITAMIN

01

Shandong Hollyally Pharmaceutical Technology Co., Ltd. plans to invest USD 140.85 million to build a new biopharmaceutical intermediates production project within its existing plant. The project is divided into two phases: Phase I: New production of 4-Methoxycyclohexanone (annual capacity of 800 tons); Phase II: New production of Nicotinamide (6,000 tons/year), T4P (n-Butyl polyphosphate) (50 tons/year), and Piperonylamine (300 tons/year); Phase III: New production of 4-(4-Methoxy)benzylamine (1,000 tons/year) and Decamethylenediamine (1,10-Diaminodecane) (5,000 tons/year).

AMINO ACID

02

On August 26, Inner Mongolia Kailu County and China BBKA Group Corp. signed a cooperation agreement for the “Northern Green Zero-Carbon Biomanufacturing Industrial Base” project, witnessed by Meng Xiandong and Li Rongjie. The USD 2.18 billion project covers amino acids, biomaterials, and bioenergy, and is expected to generate USD 3.66 billion in annual sales, USD 422.5 million in profits and taxes, and 3,500 jobs. Zhejiang NHU Co., Ltd. will suspend production at its liquid methionine plant in early September for 3–4 weeks of maintenance.

API

03

Zhejiang Anlikang Pharmaceutical Co., Ltd. plans to invest USD 54.79 million to build facilities producing 8,000 tons/year of amoxicillin and 2,000 tons/year of ampicillin, and has acquired exclusive rights for the IMD-1005 drug molecule in China. Jiangxi Dadi Pharmaceutical Co., Ltd. will invest USD 633.8 million for its technical renovation project with an annual capacity of 2,750 tons of veterinary APIs and 20 tons of abiraterone acetate API. Upon completion, it will be able to produce key products like florfenicol, enrofloxacin, and dexamethasone sodium phosphate.

FOOD ADDITIVE

04

Sirio Pharma Co., Ltd., a leading nutraceutical CDMO, recently announced plans to seek investment, divestment, or sale opportunities for its US subsidiary Best Formulations PC LLC (BFPC) to optimize its US operations and enhance overall profitability and market competitiveness. BFPC, established in March 2024 in Delaware, USA, primarily engages in the production and sales of personal care and beauty products.
