VITAMIN

01

Trimethylamine prices rose slightly recently, tightening Choline Chloride supply and supporting firm prices. Choline Chloride 60% Powder is currently quoted at around USD 680/MT. Further market movements will depend on raw material costs.

AMINO ACID

02

On August 24, 2026, Daesang Food Group's Harbin branch suspended quotations for Arginine.

API

03

- As high-temperature maintenance shutdowns near completion, some Doxycycline HCl producers have raised prices. However, downstream inquiries remain limited, so the market is expected to fluctuate in the near term. Current prices are around USD 44/KG.
- Hisun Pharmaceutical recently obtained a CEP certificate from EDQM for Epirubicin Hydrochloride API, following its CEP application submitted in April 2026.

FOOD ADDITIVE

04

DSM-Firmenich is advancing the industrial-scale production of Protopia, a single-cell yeast protein with $\geq 70\%$ protein content and a PDCAAS of approximately 0.94-0.96. Production is currently being scaled from 15,000 L to 120,000 L, with larger-scale European production planned for 2027, targeting annual capacity of 2,000-10,000 MT for food, aquaculture, and pet food applications.
