VITAMIN

01

According to market feedback, from August 27, CSPC Pharmaceutical, Luwei Pharmaceutical, NHU, Jiangsu Jiangshan Pharmaceutical, Northeast Pharm, and Qiyuan Pharm suspended Vitamin C quotations. Market attention increased sharply, with transaction prices rising 5–8% from the previous day.

AMINO ACID

02

Russia's first 100,000 MT/year DL-Methionine project has officially started construction in Tatarstan, with a total investment of RUB 106 billion. Developed through Russian-Chinese cooperation, the project is expected to integrate petrochemical and biotechnology production chains and fully cover Russia's domestic Methionine demand upon completion.

API

03

- Northeast Pharm's Baloxavir marboxil API application for Baloxavir Marboxil recently received marketing approval from China's NMPA, granting the product official market access in China.
- Florfenicol producers remain under maintenance shutdowns and continue to suspend quotations, tightening supply. Market prices have risen to around USD 21.80-22.45/KG and are expected to remain firm in the near term.

FOOD ADDITIVE

04

Alibaba Health Information Technology Limited and Harbin Pharmaceutical Group have signed a strategic cooperation agreement focusing on health consumption and nutritional supplements. The partnership will expand from children's nutrition into all-age nutritional health management, covering supply collaboration, consumer operations, and joint marketing.
