VITAMIN

01

Brother Enterprises Holding Co., Ltd. recently received preliminary acceptance for the environmental assessment of its Vitamin B3 expansion project in Pengze, Jiangxi. With a total investment of approximately USD 64.9 million, the project will add annual capacity of 12,000 MT Nicotinamide, along with 12,000 MT of 3-Cyanopyridine and 50 MT of 4-Cyanopyridine as key intermediates.

AMINO ACID

02

Daesang (Beijing) Food Group Co., Ltd. Harbin Branch quoted SEWON Arginine at around USD 2.84/KG.

API

03

Doxycycline HCl has recently come out of its high-temperature maintenance shutdown. Current producer quotations are USD 42.93-44.25/kg. Downstream buyers remain focused on need-based purchasing, and prices are expected to continue fluctuating in the near term.

FOOD ADDITIVE

04

China's National Center for Food Safety Risk Assessment recently announced public consultation on seven new food additive varieties, including 3-Fucosyllactose and Lycopene. New food fortifiers such as 3-Fucosyllactose and 6'-Sialyllactose Sodium Salt have passed expert technical review and are now open for public comment.
